

Immediate Action Urged on World War Building Site

That definite action toward building a "living war memorial" will be taken, even before the end of World War II, was indicated this week following an open meeting of the town's War Memorial Committee of which Judge John G. Brackett is chairman.

After several of the speakers, some of them veterans of World War I, had suggested that a building would be something not only symbolic but would prove a memorial which men coming back can enjoy, Warren Ryan proposed that an article be inserted in the warrant for the next town meeting for an appropriation of \$100,000 to be put aside this year towards a memorial. Fifty thousand dollars

would be raised by taxation and \$50,000 would come from free cash on hand.

Present at the hearing were Selectmen William C. Adams and Joseph Peterson, both veterans of World War II. Selectman Adams pointed out that if any money is needed by the War Memorial Committee to investigate a site, cost, etc., of a suitable memorial, the selectmen would be glad to insert an article in the warrant for this purpose. He expressed himself in favor of an auditorium with gymnasium, swimming pool, game rooms, and other facilities especially for young men returning from war. Selectman Peterson expressed the same sentiment.

Prof. Warren A. Seavey likewise favored a useful memorial and suggested that the building might be paid for through public subscription. The building should be for the exclusive use of servicemen, in his opinion. Elliott Barker, recalled the difficulties faced by the War Memorial Committee appointed after the first World War, stating that the committee at that time was able to raise only \$15,000 from a house-to-house canvass. He favored a community hall, which would be kept in repair and always be utilized in years to come, rather than a memorial building for the exclusive use of veterans, which would soon be outdated by the gradual decline in the numbers of members.

Superintendent of Schools Clifford H. Hall favored a community building with separate rooms for exclusive use of veteran organizations. He favored a plan to include

MANNING TO BE CANDIDATE

Another candidate officially entered the race for election to the House of Representatives this week when Luke A. Manning, former chairman of the board of selectmen, of 145 Gray st., announced that he would be a Democratic candidate at the special primary on Feb. 27. The special election to fill the vacancy caused by the death of Charles M. Sawyer will be held two weeks later, March 13.

Mr. Manning has been active in town affairs, the Arlington lodge of Elks, and is president of the local chapter of Fathers of Marines.

Special WAC Recruiting Drive Opens in Arlington

"The accelerated pace of the war and mounting casualty lists have made the need for women in the Army more vital than ever before," says Lt. Stephen J. Gullo, Army Air Forces, who with his staff of recruiters has just opened a recruiting office for the Women's Army Corps in the lobby of the Arlington Gas & Light Company.

Lt. Gullo anticipates an enthusiastic response from the women of Arlington in answer to the War Department's urgent plea for women to serve in Army hospitals, and in other technical and administrative duties.

There have been some recent changes in the recruiting program for the Women's Army Corps. Since time is a vital factor in the winning of the war, the Army has found it necessary to confine the recruiting of women to those who possess special skills so that they may be assigned without further training to specialized jobs at Army posts. There is one exception, and that is in the medical department where women who meet the requirements will be trained at Medical Technician Schools.

Army General Hospitals in this country are receiving casualties at the rate of 20,000 a month. The need for nurses and craftsmen in the overseas theatres together with the tremendous number of wounded men returned to this country

has created a crying need for women technicians in these hospitals. Inexperienced women who have had two years of high school and meet the other requirements for enlistment in the WAC will be trained as medical or surgical technicians. The medical department also needs women who qualify as pharmacists, psychiatric social workers, dental laboratory technicians, dental technicians, or X-ray technicians.

Need for Clerical Workers

The second category in which the Army has requested women is for clerical work. With an Army of over 8,000,000 men there is a tremendous amount of paper work in keeping each individual soldier's record accurately, in caring for allotments, insurance and pay, and in moving supplies and troops. Women who qualify as clerk typists, general clerks, or stenographers will be acceptable applicants for these interesting and confidential jobs.

The Arlington WAC Recruiting Office will be open daily from 9:00 a. m. to 5:00 p. m. and on Saturdays until 12:00 noon. Questions or inquiries will be gladly answered in person or by telephone, Arlington 3230, by any of the recruiting personnel which consists of Lt. Stephen J. Gullo, S/Sgt. Betty Izatt, Sgt. John Mitchell, T/4 Elizabeth East, or Pfc. Daisy Gowans.

ARLINGTON SOCIAL SERVICE LEAGUE TO HEAR NEWS ANALYST

Howard Peirce Davis, observer and analyst of world affairs and former foreign news editor of the Boston Transcript will be guest speaker at the annual meeting of the Arlington Social Service League in Robbins Library Hall on Jan. 26 at 3 o'clock.

Mr. Davis, who covered roving assignments throughout the world during the 30's, saw clearly the looming spectre of Nazism. More than a decade ago, he sat in the Brown House at Munich and heard Adolf Hitler predict his rise to power. When the prediction was

fulfilled, in 1933, the Fuehrer sent Davis a reminder of his interview. In the dark years which have followed, he has been an eyewitness to the successive events by which nations have crumbled before the scourge of Fascism. He has roamed the streets of Vienna, Prague, Warsaw, and Paris; sensed the rising pulse of the crowds, haunted the foreign offices, interviewed the men who were making history, traced the pattern of cause and effect in the Europe of the interlude.

The public is invited.

For Their Sake HELP FIGHT INFANTILE PARALYSIS!

Give To The March Of Dimes

Arlington is doing its bit in the nationwide drive. YOUR support is needed in this national fight against polio. No one can predict where it will strike next or whose child will be next. For that reason America must be strongly prepared to meet whatever emergencies may develop. Last summer America was besieged by the worst epidemic of infantile paralysis in twenty-eight years. Most of its victims were children under sixteen years of age. That outbreak found us strongly prepared. Your dimes and your dollars made expert care and treatment available to all victims regardless of age, race, color or creed. This year, The National Foundation for Infantile Paralysis needs your contribution more than ever. Money is needed to reimburse the source that was tapped so heavily by last year's emergency, and to prepare us in the event of another. The future is up to you. The amount you give insures that every child, stricken this year, will receive speedy and competent care.

Help Fill The Coin Boxes at Arlington Schools, Clubs, Stores Or Mail Your Check To Any Local Bank

WE MUST CARRY ON! Written in blood on the ledger of human heartache and sacrifice is the debt which America owes its fighting men and women and we cannot attempt to estimate its magnitude. But one way in which we can pay part of this debt is to protect the children of the fighting men while they are away. Let us not add to the burden of anxiety which the fighting man carries; let us lighten his load instead — let us assure him that his children will be shielded from infantile paralysis. Let him know that the armor of the National Foundation stands between him and the Crippler. Let us forge our dimes into silver bayonets with which to carry on the fight... to the finish!

War Parents Install Officers

The following officers have been installed by Arlington Chapter No. 9, War Parents of America:

Mrs. Esther O'Brien, president; Mrs. Julia Heron, past president; William Anderson and Mrs. Helen McLean, vice presidents; Bernard Shaffer, treasurer; Mrs. Mary Murphy, secretary; Mrs. Agnes O'Brien, sergeant-at-arms; William Gott, M. Teiscero, Mrs. Anna Highland, Mrs. William Gott and Mrs. Sydney Fleck, directors.

War Parents aim to further the welfare of sons and daughters in the armed forces, to give united effort towards winning the war, to work for permanent peace and to advance the principles of true Americanism.

The chapter has received many responses from sons and daughters who received Christmas Cheer cards. One particularly impressive letter came from Pvt. Edward Rizzo of 55 Dow ave., stationed in Mrs. Norman Walkinshaw who mentions that he too is a war parent since he is the father of two children, one of whom, a little daughter, was born the day after he left the United States.

Calvary Women Hear Missionary

The Women's Society of the Calvary Methodist Church met last Thursday evening.

Mrs. Frank Cole conducted the devotional period.

A business meeting was held. Mrs. Howard McGovern presiding. At the conclusion of this, the president turned the program over to Mrs. Norman Walkinshaw who introduced the speaker, Mrs. Harry Hanson from Lucknow, India. Mrs. Hanson recently returned to this country, from India, leaving her husband there to continue their missionary work.

The speaker told how costumes varied in different sections of India, and pointed out also the extreme poverty prevalent throughout that country. For all of this, the people have the ingenuity and cleverness of producing something out of practically nothing. She used as an example grasses and the common weeds. Villages are scattered — houses of brick and stone laid in mud are seen in clusters, with great spaces of farm land between — farms upon which three crops a year may be grown.

"The people marry early in life," Mrs. Hanson said.

"People of lower classes have, in many instances, become highly intelligent through their conscientious studying in the missionary schools and Christian institutions," she stated.
Refreshments were served by Sunshine Circle.

Caledonian Club Plans Concert, Dance

The Boston Caledonian Club's observance of the 186th anniversary of Robert Burns' birth, principal social event of the year for Greater Boston Scots, will be held Friday night, Jan. 26, in the Imperial Ball room of the Hotel Statler. There will be a concert followed by a dance.

Soloists at the concert will be Margaret Haines, soprano, a native of Ayr, Scotland; Rose Zulation, contralto; Hugh Friel, tenor, formerly a principal with the D'Oyly Carte Opera Company of London; and Ralph A. Talby, baritone.

Caledonian dancers, directed by Charlotte MacCabe Thomson, will give an exhibition of Highland fling and other national steps and the Club's bagpipe band, directed by Hector MacDonald, pipe major, will play. Scotty Holmes Orchestra will furnish music for general dancing. Tickets may be obtained at Jordan Marsh Co.'s travel bureau, or at the door on the evening of the concert.

ELKS ENJOY LADIES' NIGHT

Arlington lodge of Elks enjoyed a successful ladies' night in Legion hall, recently. Dinner was served, after which an entertainment and dancing followed. Music was furnished by the Mayflower orchestra. A jitterbug contest was another attraction.

The program was in charge of Edwin L. Brown, assisted by a large committee. Many visiting Elks were present.

PROPAGULUS LECTURE

The Proparvulus Club of Boston will present Rev. Bernard Hubbard, S.J., Sunday evening, Feb. 25, at Symphony Hall. His subject will be "Post-War Alaska." The proceeds will be used for a scholarship. Miss Helen C. McCarthy of 46 Everett st., will take care of reservations in Arlington.

This could be your telephone

BECAUSE communications directs the attack, it stands for both the success and safety of our fighters overseas. Right on the heels of the infantry are the men of the Signal Corps. The farther they advance, the more telephone equipment they need.

The demand for communications equipment for war is so urgent that many thousands of civilians in New England, and throughout the whole country, must wait. How long? We wish we could tell you.

Until victory is assured, the manufacture of wires, switchboards and instruments for civilian use is restricted. Meanwhile we are doing all we can to make existing facilities serve the greatest number.

Our plans are made for expanding facilities when the fighting ends. Catching up with the civilian construction suspended during war years will be a big job and you can understand it's going to take time.

TRUE to the Creed of His Craft!

Know this man? He's your Doctor of Motors—your automobile mechanic. His "office" is in every first-class automobile repair garage in Arlington. Office hours? Well, during these war times they're just about "from can to can't." Which means as soon as he can start in the morning until night when he is so doggone tired he can't work any longer!

He isn't satisfied with a repair job until it's right. No music is sweeter to him than a purring motor.

I know because he has been counting on us for precision-made repair parts for 17 years. You can count on him to keep you riding for the duration. Don't let you car get "all run down." Take it to your Doctor of Motors. You may be mighty glad you did!

ARE WE LIFTING?

Now more than ever when millions are engaged in a death struggle we should keep the great lights of our civilization aglow.

Understanding and goodwill are needed to promote international friendship and cooperation if we are to build a lasting peace.

"Tolerance"—if by that is meant a recognition of the right of individual judgment in matters of belief and practice—is a very foundation stone of democracy.

An individual, or a group, cannot do much to lift humanity unless that individual or group stands on higher ground.

We may not agree with our adversary in what he says but the American tradition teaches us to defend to the death his right to have his say.

If these great lights are kept aglow in the hearts of men everywhere there will be less groping for a path to lead men along the road to better understanding.

HELP KEEP 'EM ALIVE IN '45

As battle trends shift from favorable to unfavorable and back again to favorable, one thing is certain—a great red mist has reached American shores and is moving into homes the length and breadth of the nation.

The shifting news tears at the threads of American lives. Battles, won or lost, take heavy payment in blood.

In Europe, in the middle east, in the Pacific, in every theater of war, Red Cross workers are doing a tremendously important job with the wounded, for our men who have been captured by the enemy, and for civilians in repatriated countries. Blood plasma collected by the Red Cross is saving the lives of men who would have died in any other way. Prisoners are being kept alive by Red Cross food packages which they receive each week. Red Cross capture, or comfort kits, distributed to men taken prisoner help to relieve their dreary existence. Red Cross clubs and traveling automobiles do wonders for weary and homesick fighting men. The Red Cross provides hundreds of services that are unobtainable in any other way. And the need for them increases as the war progresses.

In 1945 the Red Cross budget of expenditures increases 12 1/2 per cent. That is why the 22 chapters covering 39 communities in the Greater Boston area are going to ask you to contribute generously to the Red Cross War Fund.

Hardly a one of us in the Metropolitan area is without a relative or friend in uniform. None of us, therefore, should hold back when asked to do his part. The money we give may be the means to "keep 'em alive in '45."

WE ARE NOT INDIAN GIVERS

No one of us would hand a soldier a bullet he needed and then take it away from him. We do not send planes and tanks overseas, then ship them back before they can go into battle. Yet every time any one of us buys a war bond and then cashes it in, we are stepping back from victory as surely as if we took bullets away from soldiers and recalled planes and tanks.

This is a bad money month for many of us. Bills and income taxes must be paid, and there will be a certain temptation to cash in a few assets, such as war bonds. But what are our difficulties, compared to those of the men and women who are fighting this war for us? How can we excuse ourselves if we, because of our small homefront discomforts or worries, withdrew from them our support?

They are doing so much for us. We can do so little for them, really. We cannot be with them; we cannot help them in their personal battles for courage and wisdom. We cannot feed them when they are hungry, or care for them when they are wounded. But we can see that they have whatever they need to defeat the enemy. And we can give them the knowledge that our dollars are behind them and that our dollars will stay behind them.

So let us hold our war bonds, come what may. If you cash in even one bond, you are cheating not only yourself—since of course you lose money by this—but every Allied fighting man. We cannot, we must not, cheat those men of victory.

The NEWS OBSERVES

The March of Dimes is on. Let's keep them rolling in to help a most worthy cause—the fight against infantile paralysis. Contribution boxes have been placed at convenient spots. And, if you wish to make out a check for this cause, simply mail it to any local bank.

With three storms hitting this section in 10 days, snow was a popular topic of conversation this week. One suggestion is that a one-man tractor could do a lot toward clearing sidewalks of snow on many side streets. Belmont has one of these tractors that seems to be doing a good job. It's time somebody got through an appropriation for this as our taxpayers, in many cases, find it physically impossible to clear their walks when heavy snowfalls occur.

While we are on the subject, we suggest that motorists use care when passing pedestrians who are forced to walk in the street because sidewalks are not cleared of snow.

Arlington police were busy this week recording complaints against groups of boys engaged in the dangerous practice of hurling snowballs at passing autos and against house windows. Fortunately no injuries were reported.

The Wildcat 4-H Club is planning its next visit to a veterans' hospital some time next month. A large number of magazines has already been accumulated for hospitalized veterans of both World Wars. More are needed. Playing cards also will be welcomed. These, along with magazines or any other reading matter of interest to young men, may be left at the 4-H headquarters, 801 Massachusetts ave.

Incomplete returns from the Christmas Seal sale show a substantial increase over last year's returns at this time. Miss Winifred M. Connelley, treasurer of the Arlington Seal Sale Committee, announced yesterday. The contributions received through January 9, totalled \$3,985.57.

Club women of Arlington will be interested in hearing Mrs. Edwin Troland, president of the Massachusetts State Federation of Women's Clubs, in a broadcast on child problems, Jan. 22 at 4:30 p.m. over Nation WEEL. Mrs. Troland will be interviewed by William F. Soskin, consultant for the Habit Clinic for Child Guidance. In the weekly series on "Let's Talk About Children."

WHAT ABOUT OUR OWN?

To the Editor:

My laundry man has a brother in the navy who says that we are sending shiploads of food and provisions to Russia and Spain and that the sailors are so disgusted that they toss hams over the side to the men at the docks.

He has another brother in the army who is in Germany (on the outskirts now) who isn't faring so well either. They sent him 20 boxes of things (cakes, cookies, cigarettes, etc.) and he has only gotten two and they had been broken into.

The food situation here is worse than ever since rationing went into effect. Everyone is getting sort of "edgy" as they think that we are spending billions for foreign relief when we should be worrying about our own shortages.

It seems to me that we should have started sending those things long ago. Now we have a crisis of our own and it seems that we should be strengthening our own country.

Well, I have enough worries of my own I suppose without worrying about the government, but I hate to think of what may be put up to my little daughter's generation when this is all over. I suppose we will be selling iron and ammunition to the continental countries after the war to balance our budget so that they can start all over again.

Former Town Official Greeted on 80 Birthday

Jacob Bitzer, well-known former town and state official who celebrated his 80th birthday at his home on Fessenden road last Tuesday, received more than 70 cards and remembrances from well-wishers.

From his pastor, Rev. Richard T. Broeg, he received beautiful flowers. Many town officials sent greetings. Mr. Bitzer, through the NEWS, extended his thanks to all those who remembered his anniversary.

Happy Birthday!

My Dear Jake:
A little birdie flew my way.
And sang about your natal day.
O find of mine, I'm glad I'm here
To send you greetings of good cheer.

A birthday is a lovely thing.
Even though it warns Time's on the wing.
It brings the wishes all hold dear.
From loving ones both far and near.

To all who live upon this earth.
With all its beauty and its mirth.
The year would be so dull and gray
If none remembered their birthday.

We need not care how years may pile.
And we grow gray and old the while.
If we have memories in our heart
That even Time can't tear apart.

Keep smiling, friend, through all the years.
And blind to burdens and to tears:
No matter what the pain and strife,
Be joyous, and thank God for life.

I wish you three square meals each day.
And good digestion all the way.
I wish you richest love and peace.
And best of health, without surcease.

World Association of Girl Scouts and Girl Guides helps prepare these girls for the responsibilities of world citizenship, she said. Girl Scouts are following the armies of liberation into Belgium, Holland, and Luxembourg, rendering service to their sister Scouts in these lands.

The Day Camp at Reed's farm had a very successful season—and thanks were given to the Visiting Nurses for their cooperation in supervising the health of the campers. Mrs. J. Philip Bower and her staff were credited with a constructive program.

Camp Menotomy had a 35 per cent increase in Arlington Girls attending and a busy summer devel-

oping citizens in a democratic atmosphere.

Mrs. Pearce reported that 37 new leaders had come into the organization during 1944—but there was still need for leaders to lead the girls on the extensive waiting lists of girls begging to be Girl Scouts. Mrs. Frank Swett is chairman of the organization committee of the Arlington Girl Scout Council.

Tribute was paid to the Leaders and Council Members who devote so much of their time in training themselves for this work and in planning and carrying through projects for the girls.

A group of Girl Scouts contributed to the program, presenting a pantomime on "How the Girl Scout Laws Were Written." Music was furnished by a group of Senior Scouts under the direction of Mrs. Justin McCarthy. They were Marilyn Swanson, Phyllis Dale, Emily

Sheldon, Adela Wallace, Mary Sullivan, Dorothy Philbrick, Barbara Mitchell, Eleanor Scott, Carol Koziele, Nancy Stetson, Helena McCoy, Marilyn Barnhill, Thelma Whitman, Lorraine Steigels and Loretta Steigels.

The main feature of the evening was a talk by Donald MacJannet. His topic "Camping in France" was illustrated with colored films. The spirit of friendly living, interesting trips, and health giving activities were brought out by Mr. MacJannet. The films proved the camping site to be very beautiful and awe inspiring by its close proximity to Mont Blanc.

youth. George MacGillivray of the Lt. Stanley G. Benner Detachment of the Marine Corps League advocated a memorial building for all veterans organizations. Joseph J. Bevins, representing the American Legion, also favored a memorial building, adding that the school committee had planned to purchase the three houses in front of the high school and to extend the school buildings. He suggested this as a suitable site. He favored a community building, housing veterans organizations, but providing, as well, facilities for young people. While the construction could not be started now, he urged immediate action to secure land. Public subscription would help, he said. Commander Dean of the VFW agreed with the previous suggestions.

Everett Henderson of the park commission spoke in favor of a building equipped for the youth of the town and suggested an auditorium and swimming pool. He proposed the corner of Summer and Mystic sts. as a suitable site. Harold J. Cue offered to design a mural for the proposed building. Before the hearing closed, Prof. Seavey suggested that families of servicemen be asked to question their sons and daughters in service for their opinion. Mr. MacGillivray and Mr. Peterson stressed the importance of getting the servicemen's viewpoint. Mr. Peterson said that veterans of the first World War are qualified to speak for those now in the service and that plans should be started immediately.

Others elected were: Mrs. Irving Poole, first vice president; Mrs. Benjamin Hickey, second vice president; Mrs. Arthur Birch, recording secretary; Mrs. Louis Chick, corresponding secretary; Mrs. Edna E. Donnelly, treasurer; Mrs. Lillian Blasdale, Mrs. Paul Chandler, Mrs. William F. Davis, Jr., Mrs. Arthur J. Mansfield, Mrs. Walter Boone, Mrs. Howard Enor, Mrs. Marcus J. Gray, Mrs. Frederick W. Hill, Mrs. J. E. Sullivan, Miss Caroline Higgins, Mrs. Marvin O. Campbell, Mrs. Edwin Barnard, Mrs. Herbert Buttrick, Mrs. George Donahoe and Mrs. J. Milton Washburn, directors.

Miss Caroline A. Fandel, supervisor of the nursing staff, stated in her annual report that the Vis-

iting Nurses had made more than 7,000 visits in 1944. Mrs. Murphy expressed her appreciation to the directors, the nursing staff and local organizations for their cooperation during her five years as president.

Miss Margaret B. Bailey, daughter of Mr. and Mrs. Edward Bailey, was the speaker. A Red Cross social service executive at the Waltham Regional Hospital, she spoke on "Red Cross in a Military Hospital." She told of the work of Red Cross nurses aides, social workers, arts and skilled workers, the canteen corps and the motor corps in the interest of hospitalized servicemen at the Waltham Hospital.

The nurses aides, who probably give the greatest assistance, according to Miss Bailey, work at the hospital in three shifts.

Individual groups who wish to serve the hospital must go through the Red Cross, she added.

A coffee hour preceded the annual meeting, with Mrs. Harrison Evans as pourer.
